

Rewordify.com

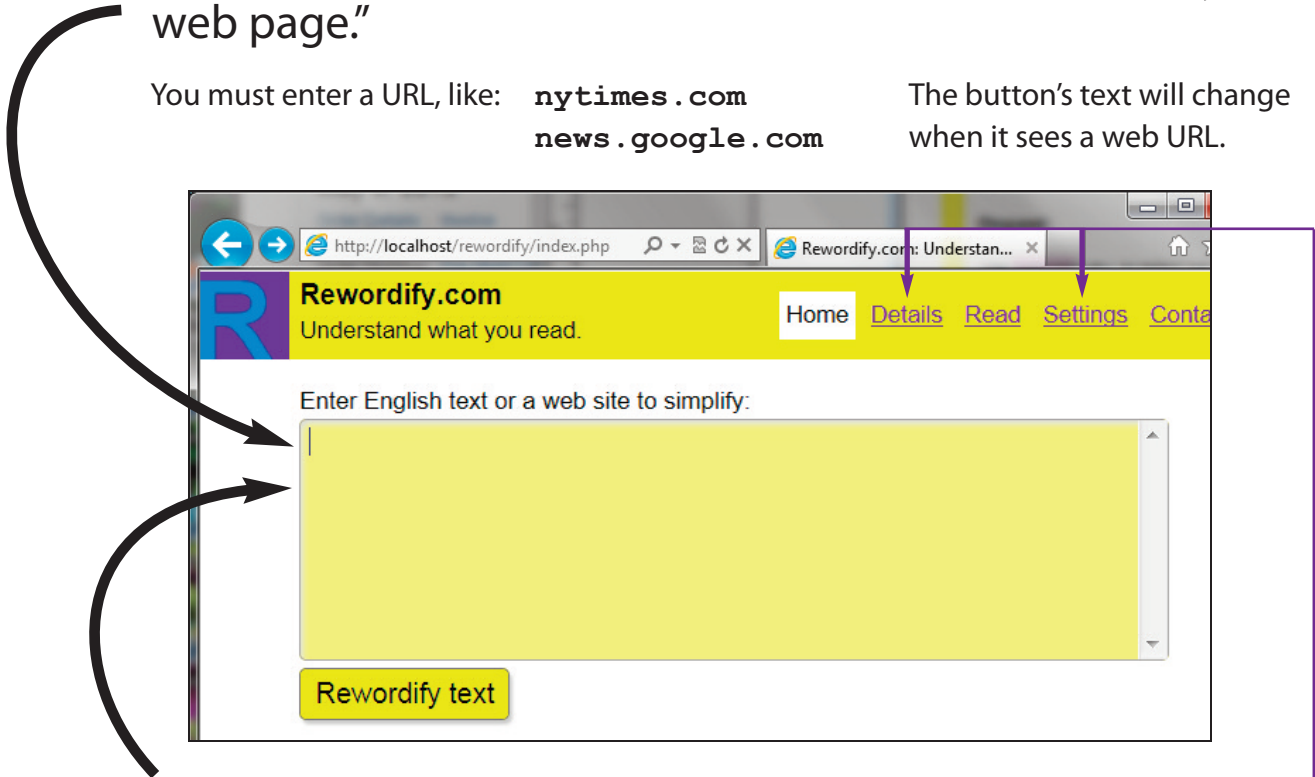

Understand what you read.

How to read better with Rewordify.com:

1. Go to www.Rewordify.com.
2. To read a simplified version of a web site, enter the URL in the box and press <ENTER>, or click "Rewordify web page."

You must enter a URL, like: `nytimes.com`
`news.google.com`

The button's text will change when it sees a web URL.

3. OR, to simplify any English, copy-paste (or type) it into the box and click "Rewordify text."

4. You'll see all the hard words highlighted. Hover your mouse over (or finger-tap) the highlighted words. Change how the highlighting works on the "Settings" page. Learn more on the "Details" page.

The site can highlight the hard words; you mouse-hover (or tap) to see easier words, or...

Rewordify.com is totally **sublime!**

Rewordify.com lets you **sharpen/improve** your reading skills!

...the site can simplify the hard words; you mouse-hover (or tap) to see the original words.
